TDC-8300
Total Control® 8" Tabletop Touch Screen Controller

URC®

OVERVIEW

With advanced technology and contemporary design, URC is redefining luxury and innovation with the new TDC-8300 premium, tabletop touch screen. Its sleek and elegant aesthetic create a statement piece for your smart home or commercial environment. The vibrant 8-inch color LCD screen delivers high-resolution graphics and ease of use. With enhanced processing speed, the TDC-8300 enables quick response to simple one-touch or voice commands, and the built-in mic and speaker communicate seamlessly via Amazon Alexa, Comcast Xfinity or Apple TV. With proximity, ambient and pickup sensors, the TDC-8300 wakes to ensure a premium user experience. Compatible with all URC Total Control® integrations, the TDC-8300 can control a vast, whole home or commercial URC system. With its intuitive interface and advanced features, managing home entertainment, lighting, climate, and more… has never been easier. Elevate everyday experiences with URC's new TDC-8300!
